Applicants have received a Notice to File Corrected Application Papers, mailed on July 22, 2011 (the "Notice"). In the Notice, the Office asserted that the illustration on page 78 of the specification as filed does not come within the exceptions of 37 C.F.R.1.58(a) and requested that the illustration be deleted from the specification and instead presented as part of the formal drawings. In compliance with the request, Applicants have amended the specification herein to (i) refer to a new FIG. 14 in the Brief Description of the Drawings section, which figure is a copy of the illustration from page 78 of the specification; (ii) amended the specification at the bottom of page 77, which describes the now-deleted illustration, to refer to the new FIG. 14; and (iii) deleted the illustration from page 78 of the specification. Applicants are also submitting herewith a new sheet of a formal drawing, the new FIG. 14. Applicants believe these amendments are sufficient to comply with the Notice.

Conclusion

If the Office has any concerns that the present submission and accompanying new sheet of Figures is insufficient to comply with the Notice, the Office is cordially invited to contact applicant's representative via the contact information provided below.
